**Subject:** Outside interest BaP timeline

Hi Vince, I received a voicemail a few days ago from an environmental consultant, Mike Nines, who want to know what the process and timeline is for completing the BaP assessment. I don't know from his message whether his is asking in general or has specific interest in the dermal part of the assessment. I wanted to make sure we are on the same page before I get back to him. What do you recommend I tell him about the DSF timeline?
